Policy
The Medical Withdrawal and Return to Campus policy of The University of
Alabama establishes procedures to follow when a student suffers from a
physical, emotional, or psychological condition that significantly impairs
the student's ability to function successfully or safely as a student. The
policy is primarily administered by the University's Student Health Center
(SHC) according to the procedures described below.

Eligibility
Medical Withdrawals are voluntary. Eligibility for Medical Withdrawal
is limited to students who have not taken a final exam or otherwise
completed coursework for a final grade. The SHC shall request
documentation from the dean of the division in which the student
is enrolled to verify that the student either took no final exam(s) or
otherwise completed coursework for a final grade for the semester/term
in question; in addition, students are expected to affirm these conditions
at the time of the request. Falsely attesting to the eligibility on the Student
Request for Medical Withdrawal form is a violation of the Code of Student
Conduct and may result in the revocation of a Medical Withdrawal and/or
referral to the Office of Student Conduct.

Academic Impact
Medical Withdrawal, when approved, withdraws a student from all
courses for a given semester/term. Students are not allowed to medically
withdraw from individual courses. The only exception to this policy
occurs when parts of a term within a semester have unique start and end
dates. For example, the summer semester at UA includes separate parts
(Interim, Summer I, Summer II, etc.). It would be possible, if approved, for
a student to complete coursework in Summer I and to medically withdraw
from Summer II. In this example, the student would not be medically
withdrawn from the entire summer semester, but rather only from all
courses for Summer II.

Procedures
After appropriate SHC personnel have deemed a Medical Withdrawal
request eligible for consideration, a designated SHC physician handles all
Medical Withdrawal decisions on behalf of the University. The designated
SHC physician, on behalf of the University and, where appropriate,
in consultation with relevant University personnel, will conduct an
individualized assessment of the student's situation before deciding
to approve or deny the request and determining the effective date
of the withdrawal. The effective date will be determined based on the
circumstances associated with the student's participation at UA and the
medically related documentation. The designated physician's decisions
regarding Medical Withdrawal are final with no appeal rights. If approved,
the SHC will notify the student and the Office of the University Registrar.
Upon notification by the SHC, the University Registrar shall process the
withdrawal and notify the student. If the request is denied, the SHC shall
notify the student.

Medical Withdrawal Documentation
1. A student must fully and accurately complete the Student Request
   for Medical Withdrawal form (available at www.shc.ua.edu) and send the
   completed form by fax (205-348-7174), email (medwithdrawal@ua.edu),
or, if there is time, by mail to The Student Health Center, Medical
   Withdrawal, 750 Peter Bryce Boulevard, Tuscaloosa, AL 35401.

2. A student must have a licensed medical provider (physician, nurse
   practitioner, or mental health professional) submit a completed Licensed
   Provider Recommendation for Medical Withdrawal form (available at
   www.shc.ua.edu) by fax (205-348-7174), email (medwithdrawal@ua.edu),
or, if there is time, by mail to The Student Health Center, Medical
   Withdrawal, 750 Peter Bryce Boulevard, Tuscaloosa, AL 35401. The
   licensed medical provider shall be the one who is currently treating
   the student for the condition(s) prompting the withdrawal request and
   is responsible for obtaining permission from the student to provide
   the documentation and to discuss the medical conditions, if needed,
   with the appropriate University personnel. If the University, in its sole
discretion, determines that an extraordinary or emergency situation
exists, alternative documentation may be requested and considered.

3. A student may also attach to the student request form any further
   supportive documentation from faculty teaching the student's currently
   enrolled courses, or if to support a retroactive withdrawal, from faculty
   who taught the student for the semester/term for which the withdrawal is
   requested.

4. In the event that the student's medical condition so incapacitates
   the student that the student cannot act on his or her own behalf, the
   student's parent or legal guardian should contact the Student Health
   Center at 205-348-7164 for further guidance.

Types of Medical Withdrawals
1. Regular Medical Withdrawal, within the current semester/term. A timely
   regular Medical Withdrawal request must be made before the close
   of business on the last day of classes of the semester in question. A
timely withdrawal for the current semester requires a Student Request
   for Medical Withdrawal form submitted by the student and the Licensed
   Provider Recommendation for Medical Withdrawal form submitted by a
   licensed practitioner (forms available at www.shc.ua.edu). The student is
   encouraged to begin the medical withdrawal request process as soon as
   it becomes evident that a physical, emotional, or psychological condition
   significantly impairs the ability to function successfully or safely as a
   student. The designated SHC physician shall determine the effective date
   for the medical withdrawal based on the circumstances associated with
   the student's participation at UA and medically related documentation.
   An approved Regular Medical Withdrawal requires the submission of the
   Licensed Provider Return to Campus (Medical Clearance) form as
described below in the section Return to the University Following Medical
   Withdrawal as well as its approval by the SHC-designated physician.

2. Retroactive Medical Withdrawal. A timely withdrawal for a previous
   semester must be made within sixty (60) calendar days of the last day
   of classes for the semester/term for which the withdrawal is requested. The
   student must submit the Student Request for Medical Withdrawal form and
   the Licensed Provider Recommendation for Medical Withdrawal form (forms
   available at www.shc.ua.edu). For all approved Retroactive Medical
   Withdrawals, the effective date shall be the last day of classes for the
   semester/term in question. Also, if a student is seeking a retroactive
   medical withdrawal and is currently enrolled or intending to be enrolled or
   registered for an upcoming semester or term, then the student must also
   submit with the Licensed Provider Recommendation for Medical Withdrawal
   form a Licensed Provider Return to Campus (Medical Clearance) form.
   Failure to submit the Return to Campus form at the same time as the
   request for retroactive withdrawal will prevent the student's request for
   retroactive medical withdrawal from being considered. Further, if such
   a student’s medical withdrawal is granted, but the submitted return to
campus materials are insufficient to allow a return, the student will have
the option to (1) retract the request for a retroactive Medical Withdrawal
and remain registered/enrolled or (2) take a Medical Withdrawal for the
previou
1. The Office of the University Registrar assigns a grade of “W” on the
official transcript for effective dates that fall after the add/drop period for
the semester.
2. All grades from the transcript, for the term in question, are completely
removed when the Medical Withdrawal effective date falls within the add/
drop period for the semester.
3. The impact of an approved non-medical semester withdrawal
(administrative withdrawal) for the same semester is addressed in the
following way:
1. If an approved non-medical withdrawal from an academic division
predates the approved Medical Withdrawal effective date, the earlier
date will be applied by the Office of the University Registrar.
2. If the approved Medical Withdrawal effective date pre-dates an
approved non-medical withdrawal, again, the earlier date will be
applied by the Office of the University Registrar.

Return to the University Following
Medical Withdrawal

When the Medical Withdrawal is approved, an SHC representative shall
place a medical clearance hold on the student’s record. A medical
clearance hold will remain in place until the appropriate medical
documentation is received and a designated SHC physician approves
release of the hold. If the hold is not removed by approximately one week
prior to the start of classes for the term in question, all of the student’s
classes will be dropped for that term, regardless of whether or not an
appeal is in process.

A student seeking to return following a Medical Withdrawal must provide
appropriate medical documentation from a licensed physician, nurse
practitioner, or mental health professional who is knowledgeable of
the student’s full health history and has treated the student since the
effective date of Medical Withdrawal. This medical documentation must
indicate that it is appropriate and safe for the student to resume classes
at the beginning of a specified semester/term. A completed Licensed
Provider Recommendation for Return to Campus (Medical Clearance)
form (available at www.shc.ua.edu) must be submitted to the Student
Health Center, by fax (205-348-7174), email (medwithdrawal@ua.edu
medwithdrawal@ua.edu), or, if time allows, by mail to Student Health
Center, Medical Withdrawal, 750 Peter Bryce Boulevard, Tuscaloosa, AL
35401.

Upon receipt of the required Licensed Provider Recommendation for
Return to Campus (Medical Clearance) form and other appropriate
medical documentation, a designated SHC physician, on behalf of the
University and, where appropriate, in consultation with relevant University
personnel, will conduct an individualized assessment of the returning
student’s situation. The assessment will include reviewing materials
submitted by the student or on the student’s behalf. During the process
of reviewing a student’s request to return, if at the discretion of the SHC
physician, a determination is made that the information provided by a
treatment provider or student is incomplete, requires further explanation
or clarification, or when there is a discrepancy between the medical
information provided and other available information relating to the
student, the student may be required to provide additional documentation
and/or grant permission to the SHC to obtain further information about
the student’s current condition. In extraordinary circumstances (e.g.,
concern exists about the medical provider’s credentials/assessment,
etc.), the student may be asked to undergo, at their expense, additional
evaluation or assessment to assist with the determination about
readiness to return. All steps that the SHC may initiate as part of its
individualized assessment are aimed at ensuring the student is ready to
resume studies and be a successful member of the campus community.

Every effort will be made to respond to a student’s request for return
within fourteen (14) calendar days of receipt of all requested or required
materials. A longer response time may be caused by the inability to reach
a student’s treatment provider, clinic closure during University holiday
periods, or other extenuating circumstances.

If the decision is made to grant the student’s request to return and
lift the medical clearance hold, relevant University personnel may
contact the student to discuss or review a plan for sustained health.
Recommendations for return shall, if applicable, include, but will not be
limited to, ongoing treatment, accommodations, or other resources to
help the student succeed.

If, at the discretion of the SHC physician, it is determined that the hold
should remain in place because a student is not yet ready to return, the
student will be advised in writing by letter or via email to their University
account. A student may appeal that decision by submitting an appeal
letter in writing to the SHC by email (medwithdrawal@ua.edu) or fax
(205-348-7174) within fourteen (14) calendar days of receiving the SHC
physician’s decision. A designated Appeal Team, which will consist of
the executive director of the SHC, the director of Student Care & Well-
Being, and a designee of the provost, shall review the matter and make a
final determination as to the student’s ability to return. Once the Appeal
Team’s determination has been made, that decision is final and no further
appeals are permitted.

A student registered for a future term and seeking a medical withdrawal
will have a medical clearance hold placed on the student’s record, which
will temporarily preserve the enrollment for that future term assuming
all financial obligations are met. The student will have until one week
prior to the start of the future term to have completed the protocol listed
above and have the hold removed. The medical clearance form should
be submitted one month prior to the first day of classes for the semester
the student wishes to attend. The process normally takes about 14 working
days, depending on the need for additional communication with the
licensed provider.

If the medical clearance hold is lifted, the returning student may have
additional holds on their record (e.g., conduct hold, financial hold,
academic hold, etc.) that will need to be resolved through other areas
of the University before the student may return. Additionally, to return,
the student must meet any applicable admission and enrollment
requirements of the University and of the school or college in which they wish to be enrolled.

Financial Impact of Medical Withdrawals
The purpose of this policy is to provide academic relief to the student, not financial relief. Please refer to Student Account Services policy for the financial impact of withdrawals at different stages in the semester (https://studentaccounts.ua.edu/financial-implications-of-withdrawal-impact-on-institutional-costs-and-charges/). Financial questions may also be directed to Student Account Services, 205-348-5350.

Other Options For Students When Medical Withdrawal is Not Appropriate
When Medical Withdrawal is not appropriate, the student is directed to his or her dean's office student services area for other potential options.
