

INSTRUCTIONAL TECHNOLOGY, MA

The Master of Arts in instructional technology is an online degree program for individuals who wish to increase their understanding of technology's role in the work of teaching and learning. This online degree is designed to prepare individuals to use current and emerging technologies to create instructionally-sound learning environments. The degree prepares individuals for positions in instructional technology, educational technology, and instructional design as they exist in a variety of settings, including business and industry.

Admission Requirements

See the Admission Criteria section of this catalog for more information.

A composite GRE score of 300 or better is required for all candidates, irrespective of degree program, who are seeking an appointment as a college-sponsored Graduate Assistant.

Curricular Requirements

- Candidates for the master's degree must earn a minimum of 30 semester hours of credit.
- There are 15 required credit hours (5 courses) and 15 elective credit hours (5 courses) of CAT/INTE hours; one elective course (3 credits) may be taken outside the INTE program from other programs/colleges at The University of Alabama, or transferred from another university, with advisor approval.
