SPECIAL EDUCATION, ED.S.

Special education graduate programs are designed to help bring improvements to the educational services offered to exceptional children. Courses of study leading to the Educational Specialist (EdS) degree and Class AA professional educator certification in the education of exceptional children are listed below:

Traditional Class AA programs are available in
  • collaborative education
  • early childhood special education
  • gifted and talented

Admissions

In addition to the minimum Graduate School admission requirements, to be considered for regular admission an application must:
  • have earned a master’s degree with appropriate prerequisite Class A certification.
  • be aware of the admission requirements established by the Alabama Department of Education.
  • hold valid master’s level certification in a teaching field.

See the Admission Criteria section of this catalog for more information.

Curricular Requirements

Collaborative (K-6, 6-12), Class AA

This course listing applies to candidates having appropriate prior certification who begin this program June 1, 2017. Candidates earning graduate credit prior to this date may elect to utilize this program. Candidates must present a GPA of at least 3.50 on all courses in the program, with no grade below a C. Credits used for the previous Class A support certificate may not be used for this program.

Candidates admitted to the Class AA program without prior Class A certification in collaborative or an approved area of special education must take the following courses in addition to the coursework below: SPE 590, SPE 591, SPE 592, SPE 594, SPE 596. Up to three semester hours of the prerequisite work may be used to meet the elective requirements in this program.

Transfer Credit
Graduate School information on Transfer Credit.

Comprehensive Exam
Students complete a comprehensive examination during their last semester of coursework. Dates for comprehensive examinations are announced at the beginning of each semester. Students must be registered for at least one hour in order to take comprehensive examinations per Graduate School policy. The student’s advisor/chair will write the comprehensive examination questions in view of each student’s course of study. The comprehensive examination will be delivered via Blackboard, and students will have 10 consecutive days to complete their questions. Comprehensive examination responses are subject to evaluation for plagiarism and other forms of academic dishonesty as outlined in the code of student conduct. Two graders will grade the comprehensive examinations. A third reviewer will be added if there is not agreement of pass/fail among the original two readers.

Certification
The Alabama State Department of Education grants Class AA professional educator certification in special education (collaborative, early childhood special education, or gifted). To be eligible, students must hold appropriate Class A certification and must complete all requirements for the EDS degree in the chosen program as described in this catalog, including Praxis subject assessment(s) (if applicable).

To be awarded Alabama Class AA Special Education certification, students must:

- earn a passing score on a comprehensive assessment covering the content of the program,
- maintain a GPA of at least 3.5 (effective July 1, 2017) on all courses with no grade below a C,
- hold a valid, appropriate, prerequisite Alabama certificate, and
- complete the State Department of Education certification application forms

Students must complete the proper application form for Alabama certification. Forms are available online through the Alabama State Department of Education. Applications should be submitted to Student Services in 104 Carmichael Hall at least one semester in advance of graduation. A student who does not apply for professional certification within 60 months after completing the state-approved program will be required to meet the current program. Students who plan to seek employment in other states must secure the proper professional licensure application forms from those states’ departments of education.
The certification programs of the department have been designed to fulfill current requirements of the Alabama State Board of Education. The state requirements change from time to time and, accordingly, the department’s requirements and programs are subject to change.

The associate dean for student services in the College of Education has been designated the teacher certification officer for the University. Students who need information about or assistance with certification should consult the associate dean for student services.
