

# METALLURGICAL ENGINEERING, MS

---

The MTE department is one of only eight accredited metallurgical degree granting institutions in the United States. Its core emphasis in metallurgy and materials provides students depth in structure-processing-property relationships.

## Admissions

Prospective students will need to provide a statement of purpose, official academic transcript and references. International applicants (non-native English speakers) will also be required to complete a provisional language exam (TOEFL or IELTS or PTE.) Regular admission requirements are >3.0 GPA and >=79iBT TOEFL, >=6.5 IELTS, >=59 PTE. Competitive MTE entering graduate applications have scores exceeding these minimums.

See the Admission Criteria section of this catalog for more information.

## Curricular Requirements

Plan I (thesis) is the standard MS degree plan. However, in exceptional cases, a student who has the approval of his or her supervisory committee may follow Plan II (non-thesis). A student who believes there are valid reasons for using Plan II must submit a written request detailing these reasons to the department head no later than midterm of the first semester in residence.

Plan I - Thesis	Hours
<b>Metallurgical and Materials Engineering Courses</b>	<b>18</b>
<b>Related Fields or Major</b>	<b>6</b>
With the approval of the major department, the remainder of the coursework may be completed in either the major or related fields.	
<b>Thesis Course</b>	
MTE 599      Thesis Research	6
<b>Total Hours</b>	<b>30</b>
