## Fields

Students must earn a minimum of 12 hours from one of the following Fields. Without exception, a minimum of 6 of these hours must be at the 300- or 400-level and in residence (taught by UA faculty). These courses must focus on topics that transcend one country or region (regions are defined here as Asia, Latin America and the Caribbean, Middle East and Africa, Russia and Eastern Europe, and Western Europe). A course focused on only one country or region, will not satisfy the Field requirement.

With **prior** approval of the program director, courses such as Special Topics (content can vary), Honors, study abroad (might not be counted towards the minor if not pre-approved by the program director), international relations-related internships (cannot be approved retroactively), and independent study (cannot be approved retroactively) may be considered as substitutions for those listed. The following do not count towards the minor: 1) Courses that focus primarily on art, film, folklore, language instruction, literature, music, or philosophy (e.g., courses with the 'World Language', 'Literature', 'Fine Arts' designations). 2) Courses that primarily focus on the natural world, e.g., those with the Natural Science designation. 3) Courses that focus on one country or region.
