ADVERTISING, BA

Advertising is the creative expression of strategic persuasive communication. As a marketing function, advertising focuses on the promotion of products, services, companies, organizations and ideas through paid media space or time. Examples of advertising media include magazines, newspapers, television, radio, online, outdoor/transport and alternative.

Students of advertising will develop and hone critical and creative thinking skills. Students will develop an understanding of the intended audience and use that understanding to create relevant messages, using powerful verbal and visual imagery capable of communicating the intended message(s) in order to capitalize on organizational opportunities and solve communication problems. The skills necessary for creating persuasive messages and developing the means to expose those messages to the intended audience will be learned in this program. These skills include the ability to conduct research to measure program needs, develop program quantifiable objectives and focused strategies, implement state-of-the-art tactics and develop the tools to measure a program’s return on investment.

Requirements

Students are responsible for ensuring that they have met all University, College, major and minor requirements.

Students seeking to major in advertising may pursue one of the following options:

• Advertising major (37 hours): prepares students for account management and media buying
• Advertising creative concentration (40-42 hours): prepares students for careers in art direction (42 hours) or copywriting (40 hours); students are competitively selected for this concentration based on an application process
• Brand management concentration (37 hours): prepares students for careers in consumer research/insight development, brand value, etc.
• Integrated channel planning (37 hours): prepares students for careers in media relations, media strategy, etc.

### Minors for Students Majoring in Advertising

The A+PR department requires each of its students to complete a minor. Advertising students may not choose a minor in the Department of Advertising and Public Relations. Additionally, advertising students cannot minor in news media or sports media. Advertising students minor in such diverse areas as communication studies, general business, political science, art, psychology, history, mathematics, cultural studies, and languages such as Chinese, Japanese, Russian and Spanish. A minor is not required if the student pursues a second major.

### Residence in the College and in the Major and Minor

While enrolled in the College of Communication and Information Sciences, students must earn a minimum of 30 hours on this campus. A minimum of 12 hours in each major and six hours in each minor must be earned at the 300- or 400-level in residence.

### A+PR Department Requirements

Students are asked to make special note of the following Department of Advertising and Public Relations requirements.

### Student Responsibility

As an A+PR student, you are here to become a leader — to shape the future of global advertising and public relations in a socially conscious manner. You are here to do the extraordinary, not just what is expected. The faculty expects you to be passionate about your work, fluent in your discipline and engaged as a learner. We are your partners in these endeavors.

It is the student’s responsibility to understand the requirements for the advertising major or minor and to seek the advice of their assigned adviser when choosing coursework. Advertising students receive adviser assignments from Tisch Student Services soon after they declare the advertising major via email tischstudentserv@ua.edu to request one.

### Prerequisites

A number of courses within and outside the department require other courses as prerequisites. A student who registers for any course without satisfying the proper prerequisites will be required to drop the course. Before registering, students are advised to review course descriptions for prerequisites and other requirements.

### Minimum Grade Requirement

A grade of C- or higher is required in all courses counted in the advertising major or minor. In addition, grades of C- or higher must be earned in all required external courses, including those established as prerequisites for courses in the advertising major or minor and those required directly in the major or minor. In keeping with University policy, when a course is taken more than one time, each enrollment will be counted in the cumulative hours attempted and used in computation of the grade point average, but only the final enrollment may count as credit toward the degree.

### Minimum Grade Point Average

A 2.0 or higher overall grade point average is required of all students who have earned 45 hours or more of college credit and wish to transfer into the college. A student must have an overall grade point average of 2.0 or higher in order to register for any 300-level or higher-numbered course in the Department of Advertising and Public Relations.

### Advertising Creative Concentration Requirements

#### Application

Admission to the advertising creative concentration will be selective, and based upon a faculty panel’s evaluation of applications used to assess students’ unique qualifications for entry. The application requires students to submit two samples of creative work as evidence of their capabilities: one that demonstrates facility to solve a specific problem creatively and another that permits a longitudinal examination of their creative thinking ability.

#### Creative/Artistic Standards

Advertising students admitted to the advertising creative concentration will be required to produce work that meets creative/artistic standards (as evaluated by qualified faculty) in order to continue taking courses in the concentration, consistent with common practice in fine and performing arts programs.

The instructor in each concentration course will evaluate each student at the end of every semester and determine whether or not a student’s work meets these standards. Students whose work falls short will discontinue coursework in the concentration and have the option to pursue the general advertising major, provided that they qualify academically.

### Advertising Creative Concentration

The 18-to-20-hour advertising creative concentration prepares students for careers in art direction (42 hours) or copywriting (40 hours); students are competitively selected for this specialization based on an application process initiated after the first phase of coursework in the major. Be sure to check course prerequisites to ensure timely progress through the advertising creative concentration and advertising major. Click here for the comprehensive advertising major handout, which contains more details about this concentration.
